11. Kentucky Fire Commission – 2010 and Beyond

The Health and Wellness Initiatives, including CPAT and Peer Fitness, Communications trailers, History / Recruitment trailer, Inflatable Safety House, NFIRS incident reporting system and the new Training Records System will be included. The 2010 Kentucky General Assembly will be covered. Seldom in the history of Kentucky's fire service have so many changes been occurring at the same time as we have had during the past two years, and we are sure to see even more projects in the future. This class will provide you the latest information on a host of Fire Commission programs and policies and their effect on your department, including who is handling the various programs, who to call on a variety of issues, plans for the future, and one on one communications.

This is a **ONE DAY CLASS** and will be offered on **SUNDAY ONLY**

**INSTRUCTOR: RONNIE DAY, EXECUTIVE DIRECTOR,
KENTUCKY FIRE COMMISSION**

Ronnie Day was appointed in late July 2003 as the Executive Director of the Kentucky Fire Commission. Ronnie has been a part of the Fire Commission operations before, during and after the consolidation of the Fire Commission into KCTCS and with State Fire Rescue Training. Director Day has dealt with literally every part of the Fire Commission operations and no one is in a better position to lead you through an update on the current and future activities of the Fire Commission. Ronnie has been a part of the fire service throughout his career, both in career and volunteer roles, and has traveled to most every section of this Commonwealth. Other staff and Commission members will assist in the presentation of this program.
