June 9-12, 2022
BCTC, Leestown Campus
164 Opportunity Way, Lexington, KY 40511

205 NFA Health and Safety Officer

This course will provide fire department members and other EMS personnel with information on the knowledge and skills needed to effectively manage a fire department's Occupational Safety and Health Program. Topics include: risk management, laws, codes and standards, health maintenance and wellness, and the Occupational Safety and Health Program. Students will bring back to their department knowledge to manage member safety, health and wellness and lead the organization's efforts to develop, maintain, improve and implement a Risk Management Plan.

This 2-day course will be offered Saturday-Sunday.

Lead Instructor: Matt True, State Fire Rescue Training District 7
