INTRODUCTION TO ICS – (ICS 100)

Course Description:

This course is designed to introduce the student to the Incident Management System (ICS). ICS is a key feature to the National Incident Management System (NIMS). This course will allow the student to identify requirements to use ICS as well as identifying the purposes of ICS.

This course is one of a series that is required for NIMS Compliance.

There is an exam associated with this course. It is recommended that students go online to http://training.fema.gov/EMIWeb/IS/IS100b.asp to take the final exam. Taking the exam online will get the student certificate in a shorter timeframe.

Pre-requisite: ICS 700

Textbook: ICS 100 Student Manual

Class length:　　　4 hours

Lesson 1 – Course Overview / Introduction to ICS
Lesson 2 – ICS Overview
Lesson 3 – Basic Features of ICS
