

FIRE DEPARTMENT PLANNING AND RESPONSE TO WEATHER EMERGENCIES

Course Description:

This curriculum was designed to educate Kentucky's Fire Service on the topic of planning and responding to weather related emergencies. Fire departments today do much more than just respond to fires. The fire service has an increasing role as an all-hazard response agency. Each year, Kentucky experiences a wide variety of weather phenomena which ultimately leads to responses from the local fire department and other public safety agencies. This course was developed by State Fire Rescue Training.

Prerequisites: None

Textbook: Student Manual/Handout

Course Length: 3 hours (May be extended when offered in conjunction with National Weather Service SKYWARN class)
