203 Decision-Making for Initial Company Operations

This course is designed to develop the decision-making skills needed for Company Officers to accomplish assigned tactics at structure fires. Activities and scenarios are used in this course and are based on structure fires. Students will participate in a walkthrough activity followed by one or more small group, scenario-driven activities for each area. This course is appropriate for newly appointed Company Officers, firefighters who may have active Company Officer responsibilities and firefighters who want to become Company Officers.

PRE-REQUISITES/EQUIPMENT NEEDED

All class participants will need to obtain a FEMA Student Identification (SID) number and provide it on the first day of class. FEMA SID can be obtained and managed via the following link: [FEMA Student Identification \(SID\) System](#).

This 2-day course will be offered Friday-Saturday.
