

Fire Alarm Systems For Inspectors

This class is developed and presented for the industry professionals that are required to attend and receive recertification credit for licensure. This class will help the student have a deeper understanding of Fire Alarm systems. Discussion as to where they are required, installed and maintained, proper inspection of the systems, how they function, how they can help save a life, and how they may be a benefit to the fire service. This class qualifies for the six (6) hours continuing education required for State Certified Fire Alarm Inspectors, and CEUs for Building Inspectors.

Instructor – Eric Grimes

Eric Grimes has been in the commercial fire alarm industry for over 34 years. He has worked for Simplex, Tyco Fire and Safety, Johnson Controls, Alpha Energy Solutions and is currently employed at Kaiser Aluminum Warrick as a plant protection officer. Eric holds an Associates of Applied Science in Electronics and in Fire/Rescue Science Technology. He has been a KY State Certified Fire Alarm Inspector since 1990 and is NICET III certified in Fire Protection Technology – Fire Alarm Systems.
